

# Annual Call for DAISY Team Award Nominations!

## Share Your Story!

**The DAISY** (Diseases Attacking the Immune System) **Award** is an international recognition program that honors and celebrates the skillful, compassionate care nurses provide every day. The DAISY Foundation was established by the family of J. Patrick Barnes after he died from complications of the auto-immune disease ITP in 1999. During his hospitalization, they deeply appreciated the care and compassion shown to Patrick and his entire family. When he died, they felt compelled to say “thank you” to nurses in a very public way. Please say thank you by sharing your story of how a nurse made a difference you will never forget!

This **nurse-led** team exemplifies Valley Health’s mission and values and are role models of collaboration and teamwork that made a “difference in the lives of patients, families, employees or your community.

Please describe in detail the team, their story and the outcomes:
