

# Annual Report

Thank you for your investment in the mission of the Foundations of Valley Health. Your continued generosity helped ensure valuable programs and initiatives throughout the region still took place and helped serve our communities. 2021 was another different year of challenges that we worked through together. And together, we had many successes that wouldn't have happened without you.

- \$2.5 million was raised for the **new Warren Memorial Hospital**.

- The 2.5-mile **Andreae Family Wellness & Recreation trail** opened at Warren Memorial Hospital, and includes a gorgeous upper and lower overlook.
- 74 taxi or **transportation vouchers** and gas cards were funded at Page Memorial Hospital and Winchester Medical Center for patients who needed help getting to appointments or home from a hospital stay.

- Along with donations of snacks, treats, and countless thank you notes, a **new relaxation room** was created at Shenandoah Memorial Hospital to provide a calm place for staff to take a break.
- The Valley Health Cancer Center celebrated its **5-year anniversary** and over **\$240,000** was raised for cancer care programs.
- **26 scholarships** were awarded to high school and college students through funds at Page Memorial Hospital, Shenandoah Memorial Hospital, Warren Memorial Hospital and Winchester Medical Center, helping to grow the next generation of healthcare providers.

- An additional \$14,000 was donated to **Noah's Fund** at Shenandoah Memorial Hospital

- There were 269 NICU admissions in 2021 and Foundation supporters funded a variety of crafts and welcome bags for **NICU families**.
- Over **\$24,000 in community support** was raised through beneficiary events like the Judges for a Cure volleyball game at John Handley High School and Eventing for the Cure at Hunt Club Farms.

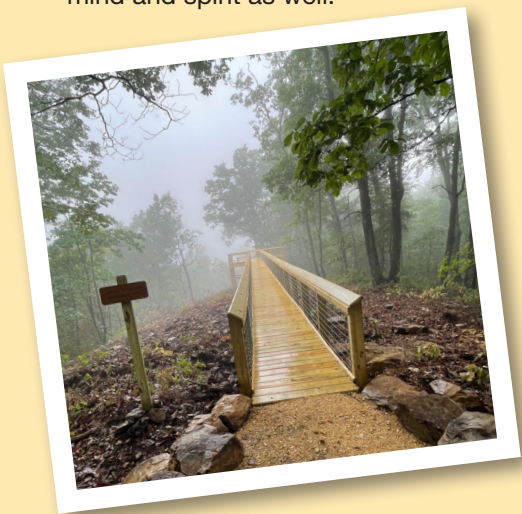

- **472 Valley Health employees** participated in the annual employee campaign, supporting the hospitals and programs most impactful to them.

## Taking Healthcare to New Heights

After a decade of planning and hard work, 2021 welcomed the new state-of-the-art Warren Memorial Hospital to Front Royal. The WMH Foundation was honored to be a part of this medical advancement for our community. Over \$2.5 million was raised in support of the project because of your generosity. The history of Warren Memorial is proudly displayed in the lobby along with a special exhibit of medical history all thanks to Dr. Tom Patteson and his donation. One of the most transformational gifts we received was from Fred and Christine Andreae. Thanks to their passion not only for their community and environment, the WMH campus is home to an amazing trail system that provides our staff and community with an opportunity to connect with nature in a way that not only is good for the heart, but the mind and spirit as well.

## A special thanks to the Warren Memorial Hospital Capital Campaign Committee:

## An Unexpected Legacy

Paul and Audrey Mitchell enjoyed gardening and spending time outside together. The Middletown couple especially loved sharing what they'd grown. Paul would give tomatoes to chefs and wait staff at his favorite eateries, and the two would often take vegetables to the doctors and nurses who provided their care over the years.

The couple's love of sharing continued after they passed away; Audrey in 2011 and Paul in 2019. In their will, the couple once again gave back to health care—but not in the form of vegetables. This time, Paul and Audrey Mitchell donated

\$1.6 million to the Winchester Medical Center Foundation. The Mitchells were grateful for the care they had received over the years. The couple wanted to help others and provide support for the nurses who had helped them along the way. They bequeathed most of their estate to a fund to support this. The Paul and Audrey Mitchell Fund will be used for nursing education, at the request of the Mitchells.
