

2023

Valley Health Foundations

Annual Report

Thank you for your investment in the mission of Valley Health Foundations: to serve our community by improving health. Because of your generosity, we helped ensure valuable programs and initiatives throughout the region remained in place, while launching new and exciting ideas – all to serve our communities.

 **ValleyHealth**
Foundations

Serving our Community

by the Numbers

47 taxi or transportation vouchers and **gas cards** were funded at PMH and WMC for patients needing help getting to appointments or home from a hospital visit.

PINK RIBBON returned in person with **315 donors and guests** over two days celebrating laughter, comfort, and hope. The exciting raffle raised an additional \$12,710 for Wellspring.

31 SCHOLARSHIPS were awarded to **high school and college students** helping grow the next generation of healthcare in our communities.

The **STAMINA PROGRAM** for Shenandoah County public schools returned. In the fall and spring, Valley Health Rehab staff visit the schools to help educate elementary school students about **healthy nutrition habits** and offer fun options for **physical activity**.

OVER \$43,900 was granted through the **Angel Fund** to support non-medical essentials for local cancer patients in financial need.

FIVE conferences and symposiums were held in 2023, providing continuing education opportunities for more than **500 employees**.

OVER \$99,300 in **community support** was raised through beneficiary events.

415 Valley Health employees participated in the **annual employee campaign**, supporting the hospital and the program that is most impactful to them.

295 GOLFERS enjoyed a **two-day event** supporting the **Hurst Hospitality House**. Tickets to annual Foundation events are just one way President's Society donors are thanked for their continued generosity.

Moxi robots welcomed to Winchester Medical Center

Moxi is a robot that helps our caregivers with routine tasks so they can focus on what they do best: patient care. Four Moxi robots are hard at work throughout Winchester Medical Center. They are helpful team members that work with our nurses by performing those time-consuming tasks that would normally take them away from their patients. These non-patient facing tasks include: delivering lab samples, running patient supplies, fetching items from central supply, and distributing lightweight equipment. Designed to be compatible with the busy hospital

environment, **Moxi's technical features include:**

- **Social intelligence:** opens elevators and doors on its own, won't bump into people or objects in hallways, happily poses for selfies.
- **Mobile manipulation:** interacts with the hospital's existing environment such as ADA doors and elevators to gain access across the entire facility.
- **Human-guided learning:** The more staff uses Moxi, the more Moxi learns and adapts to the environment and way of doing things.

Funding for the first two Moxi robots was generously provided by the Winchester Medical Center Foundation.

Thanking and Appreciating Our Team

How can we thank them and keep appreciating their hard work? A question many leaders have often thought about. A question one clinical leader at Valley Health had the perfect answer for: an appreciation cart.

The cart became an idea that sparked joy and spread cheer throughout the hospital. There are now thirteen Caregiver Appreciation Carts regularly rounding throughout all our hospitals.

Frontline caregivers are excited, and clinical leaders have another fun way to appreciate their teams.

The carts are taken around by leaders to show thanks to their teams and offer a break with a fun treat or snack. Candy, granola bars, chips, and k-cups are always popular snack options. Stickers, croc widgets, scrunchies, and hair clips are some favorite accessories. Hand lotion, compression socks, and lip balm are special treats that keep the frontline team going.

Valley Health Foundations is excited to support projects and initiatives like this that continue supporting Valley Health's caregivers.

2023 President's Society

The President's Society includes annual donations of \$1,000 and above. These gifts come from across the region, support all six Valley Health hospitals, and help move our mission forward.

Legacy Society

The Legacy Society is a group of generous supporters who have included the Valley Health Foundations in their estate plans or established an endowment to fund their wishes in perpetuity. Included is a list of extraordinary philanthropists who have chosen to be part of the Legacy Society. Please note, the donors listed with an * are no longer with us, however their generosity is still helping those in need. For more information about the Legacy Society, contact our Executive Director Jenny Grooms, CFRE at 540-536-2387 or jgrooms@valleyhealthlink.com

Valley Health Foundations

An essential part of Valley Health's mission of improving the health of our community.

Valley Health Foundations hosts two annual events, the Pink Ribbon Celebrations and the Annual Benefit Golf Classic, to show appreciation to President's Society donors and also share updates about the projects made possible by their support.

Enjoy these photos of initiatives funded by Valley Health Foundations and our 2023 donor appreciation events.
